Study information

In this study you will look at a few product pages, one at a time, and rate how realistic each one seems, plus a couple of quick questions. The whole study takes about 2 minutes.

Your responses are anonymous. We collect no personal information beyond the recruitment platform's identifier, which is used only to make sure each person takes the study once. You will be paid through the platform after you finish.

Taking part is voluntary and you can stop at any time. If you agree to take part, choose “Yes” below and click the arrow to begin.

How this task works

This is a short study about how product pages read. On each of the next 4 pages you will see one product page showing two options from a product category. You will not choose between them; just read the page and rate how realistic it seems.

There are no right or wrong answers. Please read each page before answering. Click the arrow to begin.
